**WAT-18**

Sheet 2 of 2

**GENERAL NOTE:**

In the event the customer orders a disconnection and reconnection of water at the same premise within a period of twelve (12) months, the BPU may collect as a reconnection charge the sum of such minimum bills as would have accrued during the period of disconnection.

For customers located outside the city limits, BPU will designate meter location which typically is adjacent to existing water main. Customer shall be responsible for installing water line from the meter to the point of usage. The charge for this service shall be the "Outside City Limits" charge.

In the interest of water conservation, indiscriminate waste of water by the customer will be grounds for temporary discontinuation of water service by the utility. It will be the customer's responsibility to demonstrate corrective measures that will stop excessive waste of water resources.

**NOTES:**

Effective January 1, 2018 Water Rate Schedule WAT-18 replaces Water Rate Schedule WAT-16 which was effective January 1, 2016.
