Available in the general service area served by the McPherson BPU electric utility and in accordance with the Board's Terms and Conditions or Billing Practices for providing electric service.

Application:

For electric service supplied to a location with a residence to one (1) customer through one (1) metering point for domestic, farm, and other purposes. Qualifying establishments do not include campers or other temporary living quarters. Service is for exclusive use of customer, and is not to be resold or shared with others.

Where five (5) or more rooms in a residence are rented, or are available for rent, such residences shall be considered as commercial rooming houses and billed on Schedule GSS-11 or Schedule GSM-11.

Character of Service:

Alternating current, single phase, two hundred (200) amp maximum unless the service is solely for residential use, approximately sixty (60) cycles, and at voltage the McPherson BPU has available for service required.

Monthly Charges:

Service Charge:	\$10.00 per month, for availability of service
Energy Charge:	\$0.0310 per kWh for all kWh
Energy Adder Adjustment:	Energy Adder Adjustment multiplied by kWh usage
Purchased Capacity Charge:	Purchased Capacity Charge multiplied by kWh usage
Transmission Charge:	Transmission Charge multiplied by kWh usage
City Transfer Charge:	City Transfer Charge multiplied by kWh usage

Energy Adder Adjustment:

The above energy charge is based on net bus bar energy charges of \$0.02000 incurred by the McPherson BPU, exclusive of any capacity charges.

The above energy charge will increase or decrease in the amount that the cost of energy incurred by the McPherson BPU varies from a base of \$0.02000 per net kWh times a 1.06 line loss multiplier to the nearest \$0.00001 per net kWh.

Purchased Capacity Charge:

Customers billed in connection with this rate schedule are subject to a Purchased Capacity

Charge. For this rate class, the Purchased Capacity Charge is calculated based on the estimated annual net cost of electric capacity to be purchased by the McPherson BPU for that year and this rate class's estimated contribution to the maximum coincident peak of the electric system for June, July and August of that year, divided by this rate class's projected kWh energy sales for that year. The Purchased Capacity Charge is billed monthly as cents per kWh.

At the end of each year, or other period as deemed appropriate by the McPherson BPU, the Purchased Capacity Charge shall be modified, as necessary, to match the estimated annual net cost of electric capacity to be purchased by the McPherson BPU for the following year, relative to this rate class's estimated contribution to the annual maximum coincident peak of the electric system for the corresponding year, plus an adjustment equaling the actual over or under recovery of revenue from Purchased Capacity Charges from the prior year.

Transmission Charge:

Customers billed in connection with this rate schedule are subject to a Transmission Charge. For this rate class, the Transmission Charge is calculated based on the estimated annual net cost of transmission services to be purchased by the McPherson BPU for that year and this rate class's estimated contribution to the maximum coincident peak of the electric system for June, July and August of that year, divided by this rate class's projected kWh energy sales for that year. The Transmission Charge is billed monthly as cents per kWh.

At the end of each year, or other period as deemed appropriate by the McPherson BPU, the Transmission Charge shall be modified, as necessary, to match the estimated annual net cost of transmission services to be purchased by the McPherson BPU for the following year, relative to this rate class's estimated contribution to the annual maximum coincident peak of the electric system for the corresponding year, plus an adjustment equaling the actual over or under recovery of revenue from Transmission Charges from the prior year.

City Transfer Charge:

All energy billed in connection with this rate schedule is subject to a City Transfer Charge, billed monthly as mils per net kWh to the nearest \$0.00001 per net kWh. The City Transfer Charge was enacted to recover funds for transfers made by the McPherson BPU to the City of McPherson as Payments in Lieu of Taxes.

The City Transfer Charge will be modified as necessary to provide a matching of the total mandated Transfer set forth by the Governing Body of the City of McPherson, Kansas.

Motor Service:

The connection of a single phase motor of ten (10) HP or more to the service must have prior approval by the McPherson BPU, and such connection will be subject to approval of the McPherson BPU.

Payment Information:

The Service Charge constitutes the minimum monthly bill for all electric service accounts under this rate schedule.

In the event the customer orders a disconnection and reconnection of electric service at the same premises within a period of twelve (12) months, the McPherson BPU may collect as a reconnection charge the sum of such minimum bills as would have accrued during period of disconnection.

Bills are due and payable upon receipt; if not paid within twenty-six (26) days from billing date, the bill becomes delinquent. When a bill becomes delinquent, a late payment charge in an amount equal to two percent (2%) of the delinquent amount owed for current electric service will be added to the electric service bill.

Notes:

1. Effective January 1, 2011, electric service Schedule RES-11 shall replace Schedules UDR-83, Urban Domestic Residential; and RDR-83, Rural Domestic Residential except for customers located more than three (3) miles beyond the corporate limits of the City of McPherson. Customers billed from Schedule UDR-83 or Schedule RDR-83 before January 1, 2011, and located within three (3) miles of the corporate limits of the city of McPherson, shall then be billed from Schedule RES-11 moving forward.

Issued: December 1, 2010

Effective: January 1, 2011
