

BOARD OF PUBLIC UTILITIES, CITY OF McPHERSON, KANSAS
Electric Service Schedule

LRS-11: Light Rental Service

Sheet 1 of 1

Availability:

Available in the general service area served by the McPherson BPU electric utility and in accordance with the Board's Terms and Conditions or Billing Practices for providing electric service.

Application:

Limited to those locations where single phase primary service has been constructed, and is deemed economically feasible to serve.

Character of Service:

For electric service, fixture, and maintenance, as requested by the customer, for the unit prices listed below.

Monthly Charges:

100 Watt HPS Fixture.....	\$4.50 per month
250 Watt HPS Flood Light Fixture.....	\$7.40 per month
100 Watt HPS Fixture and Energy (McPherson BPU side of meter).....	\$6.30 per month
250 Watt HPS Fixture and Energy (McPherson BPU side of meter).....	\$11.90 per month
Pole and Conductor, if special setting is required.....	\$5.90 each per month
Transformer setting, if special setting is required.....	\$5.80 per month

The above prices include all installation and maintenance, material and labor, and energy if specified.

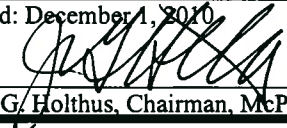

To receive Light Rental Service, the customer shall agree to a twelve (12) month contract for installation. This contract will be automatically renewable on a month-to-month basis after the initial contract period has expired.

Notes:

Effective January 1, 2011, electric service Schedule LRS-80 shall be replaced by LRS-11. Customers billed from Schedule LRS-80 before January 1, 2011, shall then be billed from Schedule LRS-11 moving forward.

Issued: December 1, 2010

Effective: January 1, 2011

John G. Holthus, Chairman, McPherson BPU
